58. INTERESTS

There were no declarations of interest.

59. QUESTIONS AND STATEMENTS FROM THE PUBLIC

The member of the public explained that she lived by a circular area of grass bordered by hedges which was the responsibility of Eastlight Community Homes to maintain. Unfortunately the green had not received any maintenance since April and the grass and weeds were now waist high with brambles growing out of the hedges. In answer to a complaint Eastlight explained that they had changed contractors but that all areas would be sorted by the end of July. Surrounding areas of grass had been cut but not the circle by the resident. She explained that Eastlight claimed on its website to cut the grass 16 times a year and hedges twice a year but last year the grass was only cut four times and the hedge once.

She asked why Eastlight was not answerable to anybody; why Witham Town Council could not step in and clear the back log whilst charging Eastlight for the work; why did Eastlight maintain a public open space outside her private property when her rates were paid to the District Council for that purpose; why was not all open spaces management in Witham under one authority making efficient use of resources and why did not the Town Council check these areas which are supposed to be maintained by other companies?

Members thanked the member of the public for bringing this matter to the attention of the Town Council. Braintree District Council was aware of the problems and was trying to remedy the situation.

It was suggested that this matter be brought back to the next Town Council Meeting on 2nd September.

60. APPOINTMENT TO COMMITTEES

Councillor J Robertson was welcomed to the Council and his appointment to the Community and Environment Committees and Climate Change Working Group was confirmed.

RESOLVED That Councillor Robertson be confirmed as a Member of the Community and Environment Committees and Climate Change Working Group.

61. ESSEX COUNTY AND BRAINTREE DISTRICT COUNCIL UPDATE

Essex County Councillor Playle gave a report explaining that Essex County Council had an additional £25million for highway projects and enforcements. The bus shelter contract was now in place but there was a need for the Town Council to replace its ones at the railway station. He reported on the member-led pothole scheme explaining that the pavement in Easton Road had been repaired along with the potholes in Colchester Road. The next tranche of work would include Mill Lane. He said that the Community Infrastructure Fund had now opened with funding up to £10,000 for Councils and organisations to make a positive impact on the community.

Braintree District Councillor Taylor spoke of the Local Plan Review, which had been discussed earlier in the evening at the Planning and Transport Committee Meeting. He said that the District Council's annual allocation for new homes had increased from 830 homes to 1,098 and a community survey would be carried out from 16th August 2024. It was hoped that the Local Plan could go to a Regulation 18 consultation in November ready for the Draft to be in place for June 2025.

Braintree District Councillor Martin said that at a recent Council Meeting she had sought a report about its performance for the General Election with incorrect paperwork being sent to electors and inadequate polling stations.
